

QUALITY POLICY STATEMENT

In business since 1999, Julinat Technical Services has been supplying and implementing, flexible, integrated, solutions on Materials Procurement and Engineering Services for a wide range of industries, institutions, and organizations. We've continued to build from our strengths, and our history, to become a respected and valued partner to our clients, especially in the Oil & Gas Sector. Our success reflects our wishes for the future. And with our success, comes yours.

Julinat Technical Services was incorporated as a limited liability company on the 25th day of June, 2008 to take over asset and liability of Julinat Technical Services.

“To achieve the above feat, we are committed to ensure adherence to and satisfaction of customers, other relevant interested parties, all relevant and applicable requirements; and the continual improvement of the QMS by constantly reviewing the elements of this policy for suitability during management review meetings”.

This statement of our commitment is appropriate to the scope and nature of our operations defined in the Scope of our Quality Management System (QMS); the Context of our Organization as detailed in our Quality Manual, Context of the Organization Procedure, Internal & External Issues Logs, the Needs & Expectations of our relevant Interested Parties; and also supports our strategic direction as detailed in the Business Plan.

This policy statement provides a framework for the establishment and reviewing of the quality objectives which shall be developed by each process head and approved by top management.

This policy statement is communicated and understood by all personnel and applied within the organization. It is also available to relevant interested parties as appropriate to our organization and maintained as documented information.
